GLENDALE ACOSTA

1205 Serene Court, Fairfield, CA• (707)386-4926 • gglendale17@gmail.com
github.com/GlendaleAcosta • www.glendaleacosta.com

OBJECTIVE:

To learn, because I want to be a software engineer. I have many great web projects, but I'm looking to get even better.

EDUCATION:

Solano Community College — January 2014—Present

- **Major:** Computer Science — Fairfield, CA

PROFESSIONAL EXPERIENCE:

Title: Website Development Intern — June 2016—September 2016

Employer: Business Optimizers — Vacaville, CA

- Assisted with website development, mockup designs, and content-writing
- Worked alongside a fun and productive team environment
- Often worked remotely
- Involved data entry and developing web scraping scripts
- **Skills:** HTML, CSS, JavaScript, PHP, Chrome Dev Tools

Title: Developer Intern — October 2016—December 2016

Employer: Xoloosh, LLC — Fairfield, CA

- Primarily focus on building web applications
- Use of CRUD and REST w/ PHP, mySQL, and AngularJS

WEB PROJECTS:

(github.com/GlendaleAcosta • www.glendaleacosta.com)

Project: Angular Movie Watchlist — October 2016

Source: github.com/GlendaleAcosta/angular-movie-watchlist
A Movie app that utilizes a movie database API. Involved JWT Auth, Dynamic Routing, Route Protection, Password Encryption, and saving movies.

- **Skills Involved**: AngularJs, Node, PostgresQL, TMDB API, SASS, CRUD, REST

Project: https://vidswithfrens.herokuapp.com/ — September 2016

Source: github.com/GlendaleAcosta/vids-with-frens
A web app to watch videos with friends. Involves websockets(socket.io), Dynamic Routing, Dynamic rooms, room and socket protection, and a Chat System.

- **Skills Involved**: ReactJs, Node, MongoDb, Socket.io, SCSS, CRUD, REST

Project: Vending Machine App — April 2016

Source Code: github.com/GlendaleAcosta/crepes-n-more-v2
A simple app demonstrating REST and CRUD with PHP.

- **Skills Involved**: AngularJs, PHP, MySQL, CRUD, REST

Project: www.ankroofing.com — September 20166

A real commercial website I was contacted for.

- **Skills Involved**: HTML, CSS, JavaScript, WordPress

ACTIVITIES:

Activity: Developers Club — September 2016—December 2016

Title: President of the Developers Club — Solano Community College

- I teach front-end development to multiple students, and we volunteer by developing websites for local businesses.

TECHNICAL COMPETENCIES:

MAIN SKILLS:	OTHER SKILLS (Not as proficient) :
ReactJs, Angularjs, ES6 JavaScript, Node, SASS	PHP, React-Native
